● ABOUT MYSELF

Dedicated and results-driven ISTQB-certified Software Quality Engineer with over 3 years of hands-on experience in ensuring the delivery of high-quality software products. Adept at implementing comprehensive testing strategies to identify and address defects, I bring a strong commitment to quality assurance and a proven track record of optimizing software development processes. Leveraging a solid foundation in test planning, and execution.

● WORK EXPERIENCE

ULTRA CODES PVT. LIMITED

SOFTWARE QUALITY ASSURANCE ENGINEER – 2022 – CURRENT

- Performed end-to-end Manual and API testing (using Postman & Swagger) for 5+ web and mobile applications including SaaS platform Techbazaar, ensuring high-quality releases with minimal defects
- Developed Automated regression test suites using Playwright, covering 40% of stable features and reducing test execution time
- Collaborated cross-functionally with Dev, Product, and Design teams to establish test plans and acceptance criteria
- Developed and maintained 200+ test cases in TestRail and detailed bug reports in JIRA, enhancing team transparency
- Designed complete testing strategies covering UI, functionality, and edge cases, improving sprint delivery efficiency
- Created comprehensive test documentation including plans, cases, and reports for SaaS products like Techbazaar, TrailerCentral

ZAPTA TECHNOLOGIES

SOFTWARE REQUIREMENT ANALYST INTERN – 2022 – 2022
