ABOUT ME

Versatile Software Engineer with a Bachelors in Electrical Engineering. Blends hands-on tech experience with proven leadership. Eager to drive both personal and organizational success in innovative tech environments.

WORK EXPERIENCE

Software Engineer
Appiskey [01/12/2023 – Current]

City: Karachi
Country: Pakistan
Website: https://appiskey.com/

- Working on web and IOT-based applications using Node.js, express.js, nest.js, next.js, mongoDB and Postgresql.

Software Engineer
Carbonteq [02/2023 – 11/2023]

City: Lahore
Country: Pakistan
Website: www.carbonteq.com

- Played a pivotal role in the backend development of the Honeycomb Credit project, using Node.js, Express.js, and MySQL.
- Provided unwavering technical support, addressing issues promptly and ensuring the application's optimum performance.
- Spearheaded the design and implementation of new features, driving user engagement and platform efficiency.
- Worked on the front-end using react and next.js.
- Worked with architectural patterns like Domain Driven Design (DDD), Clean Architecture, command bus pattern and observer pattern.
- Used git versioning and worked with the repositories using the git flow pattern.
- Worked with different ORMs like Prisma and Sequelize.
- Worked with different frameworks like nest.js and also with different databases like postgreSQL and mongoDB.
- Worked with several third-party integrations like plaid, stripe, USAepay, North Capital, Idology, and Dwolla.

Software Engineer (Part Time)
Technologia Solutions LLC [01/2023 – Current]

Country: United States
Website: https://www.technologiasolutions.com/

- Backend Development: Engaged in server-side logic and database management using Node.js. Focused on creating efficient, scalable, and secure systems.
- Frontend Development: Designed user interfaces and experiences with React and Next.js. Emphasized on responsive design and user-centric interfaces.
- Time Management & Learning: Effectively balanced part-time work schedule with personal and professional growth. Kept abreast of latest industry trends and technologies.

- Collaboration & Innovation: Actively participated in team collaborations, contributing to innovative solutions. Involved in regular team meetings and mentorship programs.
- Future Technologies: Demonstrated eagerness and adaptability in learning and applying emerging technologies, such as using AI in ongoing projects.

Software Engineer
iSystematic Inc. [09/2022 – 02/2023]

City: Karachi
Country: Pakistan
Website: www.isystematic.com.pk

- Walletly Web Application: Focused on the front-end development for a white-label solution.
- Minti.ai Web Application: Spearheaded front-end development initiatives.
- Business Connector Web Application: Led the front-end development tasks.
- Property Planner Web Application: Developed using Next.js.
- Expertise in creating responsive web designs.
- Utilized React and Next.js for dynamic and efficient user experiences.
- Managed code using GitHub and Bitbucket for versioning and collaborative development.

Full Stack Trainee
SkipQ [02/2022 – 08/2022]

Country: United States
Website: www.skipq.org

- Utilized Infrastructure-as-code (IaC) constructs to architect and operate a full-stack production-grade web application.
- Ensured the application's multi-region availability on AWS.
- Implemented Continuous Integration and Continuous Deployment (CI/CD) for automated deployment stages.
- Developed a MERN full-stack application.
- Implemented a serverless backend with CRUD API functionality using Lambda and API Gateway.
- Managed code versioning using GitHub.
- Engaged in regular code reviews to maintain code quality and best practices.
- Documentation: Maintained thorough documentation for the project to facilitate knowledge sharing and team collaboration.
- Utilized CloudWatch for logging and monitoring the application's performance and potential issues.

EDUCATION AND TRAINING

Udacity React Nanodegree
Udacity [08/2022 – 08/2022]

Website: confirm.udacity.com/K2X3XCCL

JavaScript Algorithms and Data Structures
FreeCodeCamp [08/04/2022]

Website: https://www.freecodecamp.org/certification/HarisJ95/javascript-algorithms-and-data-structures

Front End Development Libraries
FreeCodeCamp [18/07/2022]

Website: https://www.freecodecamp.org/certification/HarisJ95/front-end-development-libraries

Bachelors Of Electrical Engineering
University of Engineering and Technology, Lahore [15/08/2015]

City: Lahore
Country: Pakistan

LANGUAGE SKILLS

Other language(s):

English

LISTENING C1 **READING** C1 **WRITING** C1

SPOKEN PRODUCTION C1 **SPOKEN INTERACTION** C1

Levels: A1 and A2: Basic user; B1 and B2: Independent user; C1 and C2: Proficient user

DIGITAL SKILLS

IT Skills

Node.js / Nest.js / Express.js / TypeScript / JavaScript / AntDesign / Next.js / React.js / TailwindCSS / Material Design - Material UI / CSS / HTML / Rust (basic knowledge) / MQTT / AWS / MongoDB / Git / Postman / Insomnia / AWS(Lambda,S3,IAM,EC2,VPC,DynamoDB,SQS,SNS,CloudWatch,CloudFront,Lex) / Redis / Docker / Atlassian (Bitbucket, Confluence, Jira) / Prisma (ORM) / Sequelize (ORM) / PostgreSQL / Linux / Clean Architecture / Layered Architecture / Domain Driven Design / Python / Iot / Problem Solving / MySQL

Soft Skills

Good Communication and Writing Skills / Team Leader / Team player / Critical thinking and analysis / Punctuality / Taking Ownership / Reliability

HOBBIES AND INTERESTS

Anime and TV Shows

Reading Books

IT and Technology

Learning new and trending skills
